

## **Elijah Norton** **Candidate, AZ State Treasurer**

Elijah Norton is a self-made businessman and proven conservative leader who built an Arizona-based insurance company from just \$1,000 into a national success, creating over 100 jobs and managing tens of millions of dollars responsibly.

As the former Treasurer of the Arizona Republican Party, Elijah conducted the party's first financial audit in a decade, uncovered waste, and oversaw more than \$10 million in campaign funds that helped deliver major Republican victories in 2024.

Now, Elijah is running for State Treasurer to bring real-world experience, fiscal discipline, and Arizona First values to government—protecting taxpayer dollars, cutting waste, and fighting back against woke investments.
